Our Favorite Yelp.com Review:

Angie P. says, "Hands down, the best crab I've ever had. We had oysters (awesome), raw clams (I didn't know you could eat raw clams - but you can!), and of course the king crab. We decided to share a plate, but after we cleaned it 5 minutes later, we ordered another! Highly recommend this place for seafood lovers. You can't go wrong with delicious seafood for reasonable prices in a relaxed, casual atmosphere. And cheap pitchers of beer! Fast and friendly service. Definitely coming back."
